

Dunton and Wrestlingworth CofE VC Lower Schools Federation

Winter Weather Procedures

With the onset of winter, we thought we would remind you of our 'winter weather' procedures. If the school has to be closed we inform parents by text and email and by putting a message on the school website, which will be posted by 8am each morning.

www.duntonwrestlingworthschool.com

We also inform the local authority about school closures and this information may be accessed via:

<http://www.centralbedfordshire.gov.uk/webApps/SOS>

All parents who sign up to the system will receive an immediate email alert to let them know the status of our school.

If you are concerned about the road conditions and feel it is unsafe for you to bring your child to school, please inform the office. If conditions become worse during the day and you wish to pick up your child early, please do so. When there are adverse weather conditions the school will keep you updated during the day via text message. Please ensure you make the school aware if you have recently changed your mobile number.

We are well stocked with salt for the coming winter and as always our team of dedicated staff will try their best to keep the school open at all times.

Please keep the above information in a prominent place at home so that if the need arises you are aware of our procedures. If you do not have access to the internet, please inform the school office so that other arrangements can be put in place.
