

Year A and B Personal, Social, Health and Education (PSHE) KS1 and KS2

The long term plan below has been adapted from the PSHE Association long-term plan and covers three core themes over three terms; Relationships, Health and Wellbeing and Living in the Wider World . It takes into account progression, development of pupils’ understanding of the overarching concepts and development of essential skills. Content has been selected to ensure opportunities to explore the overarching concepts and to develop the essential skills and attributes set out in the PSHE Association Programme of Study, through a curriculum that is relevant and appropriate to the ethos of our school and the needs of our pupils. Our programme revisits themes every year, gradually extending thinking, expanding knowledge and developing skills.

Using this text colour we have indicated teaching specific to our school as a Church school. This is taken from the Diocese of Bristol’s resource Goodness and Mercy. The resource aims to fully support the Church of England vision for education: “I come that they may have life in all its fullness” (John 10:10). We have also linked our curriculum to the four strands in the Church of England’s vision for education; wisdom, hope, community and dignity.
